

With this mail, I would like to thank you and the whole WFWF family for your generous support in my health career. I am so happy to share with you that I have won "Glocal Teen Hero 2020" (<https://glocalteenhero.com/mandira-shrestha/>) as the first youngest health activist where I successfully represented WfWF, RHEST along with my other affiliated organizations. I had mainly highlighted our work at the community level, its impact, and many more with help of photos that you had sent and some of what I had clicked, then from the WFWF website and FB page.

The skill and recognition that I had got from here is being a great help for me to follow both my profession and passion. I am also now recognized as youth champion on SRHR field and with what I learn from WfWF, I am self conducting various health campaign and providing training on SRHR mostly being focused on Pelvic Organ Prolapse as a community health volunteer and social worker/contributer.

For this, I can't thank you enough for all your generosity and hope to work more with you all together in upcoming days with same zeal and enthusiasm.

Hereby, I would like you to convey this message to our precious WfWF family and thanks them on behalf of me. Thanks a tons for yours support and guidance.

Wish to see you soon!

Best regards,  
Mandira Shrestha
